

# About Us

## Our Company

**Our Mission:** To maximize the health & functional abilities of our patients while enabling an autonomous and rewarding career for our partners.

**Our Vision:** To provide highly skilled rehabilitation services in order to maximize health and function while making positive, long term personal relationships with the patients and families we serve. At the same time providing a stable and rewarding environment for the professional practice of our therapists.

We're proud of the excellent reputation we've acquired for our work in relieving pain in patients who had virtually given up hope. Mobility Rehabilitation, Inc. provides high quality continuity of care for its clients in Clermont and its surrounding areas in Central Florida.

We do not believe in cookie-cutter care. We take the time to conduct a thorough assessment of your condition or injury, seeking what lies beneath the obvious symptoms to determine the true source of your pain.

We focus on you as a whole person, not just the body part where you're experiencing pain. This allows us to understand the impact of your injuries or conditions and the best method for treatment. We're dedicated to restoring your *maximum function*.

We understand the importance of maintaining pain-free functionality and movement over the various stages of life. **When you can no longer come to our clinic, we continue to care for you - visiting you in your home or your assisted living facility.**

Our physical therapist owned and operated practice is distinguished for its success in helping people overcome chronic pain and musculoskeletal issues.

**In addition to physical therapy, we provide occupational and speech therapy.** We treat a wide range of conditions including low back and neck pain, sports injuries, pre and post-surgery recovery, work injuries, vestibular rehabilitation and balance issues. Fall prevention is huge, and is incorporated into all plans where it can be beneficial!

In the comfort of your home, at one of our two clinics in Clermont, or wherever you need to be seen in Central Florida: we work together, the benefits are all yours.
